TAC16 Teller Acuity Cards Full Set Of 16 Cards

- The Teller Acuity Cards are a classic test of visual acuity for infants, young children and individuals with special needs.
- It utilizes a preferential looking technique.
- This test has an extensive evidence base in normative and clinical studies that provide a strong foundation for applications in ophthalmology, optometry, and developmental practice.
- The test is cited more often than any similar product in the health information compiled by The National Library of Medicine.
- 16 cards make a full set and include a Blank and gratings from .23 to 26.0 cpcm.
- The Teller Visual Acuity Cards Half Set include 8 cards ranging from .23 to 26.0 cpcm.
- All cards measure approximately 25.5 x 55.5 cm (10 x 22 inches).
- An instruction manual is included with each set.

The Teller Acuity Cards “gold standard” is manufactured exclusively by Precision Vision, Inc.
