enhancing vision ~ enriching life

BC1325+ MFBF Trainers Red & Green

Transparent 8.5" x 11" rigid sheets with either transparent red or green ink. Sheets have rounded corners. These are great for anti-suppression training while reading or looking at pictures. Great for patching while using desired red/green filter. Inks used on trainers are optimized for better visibility through the opposite lens, with improved cancellation through the desired lens.

Works with Bernell Red/Green glasses (Sold Separately).
