enhancing vision ~ enriching life

BC550AS+ Bernell Sports Fixation Cards - Transparent and White Vinyl

Make your patients aware that you do both Vision Therapy and Vision Training (Sports Vision!) with these sports cards. Cards come in clear transparent or white vinyl packs of 5 cards. Two balls are set opposite of the other two so that you can ask which balls come out/go in to the card to determine if the patient is really seeing as they should. Vertical lines on circles for suppression check. Red/green circles to encourage color rivalry.

Benefits of the Sports Fixation Cards:

- Two balls appear in front of the card and two behind it.
- There are vertical lines as suppression checks.

This allows you to know if they are really converging/diverging correctly.

Red/green circles to encourage color rivalry.

Sold in packs of 5 cards.

Card Size: 5.25" x 4"

Features:

- Sold in packs of 5 cards.
- Printed on white vinyl & transparent plastic.
- Rounded corners.
