BTRACKS+ BTrackS™ Balance Plate + BTrackS™ Assess Balance Advanced Software with Foam Pad

Provide the most complete solution for identifying balance issues & training balance.

The Balance Tracking System (BTrackS™) utilizes "Gold Standard" force plate technology to provide an accurate and reliable balance testing and training solution for medical and healthcare professionals.

The BTrackS™ Assess Balance System is a widely used clinical tool for a variety of balance assessment and training applications. Typical users include Medical Doctors, Optometrists, Physical Therapists, Chiropractors, Senior Living Facilitators and Occupational Therapists. Included in this system are the BTrackS™ Balance Plate and Assess Balance Software.
