## # E/BB2 Balance Board (VTE) with 7 Support Bases

### Balance Board (VTE)

with 7 Support Bases

Comes with 7 support bases: 3 cylindrical, 3 cubic, and 1 parallelepiped. Supports can be easily disassembled and interchanged. Base sizes: cylindrical diameter and cubes each side 80mm, 60mm, or 40mm; parallelepiped 40mm x 40mm, 200mm.

Bases are made of metal. Cylindrical base with flat surface and rounded rim allows the board to have a unique feature: a mix between cubic and semi-sphere support.

This board version doesn't replace the version with 4 cylindrical support bases (E/BB).

Note: Metal board color is now grey.
