RT8S+ Racethe8s™ Visual Learning System

A hands-on, entertaining and visually stimulating activity, Racethe8s™ can be enjoyed by almost any individual. Racethe8s™ was created by Steven Kane, OTR, a Pediatric Occupational Therapist with over 20 years experience.

Racethe8s™1 has two sides, each with a myriad of possible ways to use it. It can be held by the side handles creating a lateral movement of the balls or by the interior handles creating an anterior/posterior movement of the balls. One side of Racethe8s™1 is a more linear version of an 8 pattern, while the other side creates a 'wiggle' pattern of the 8 pattern.

Racethe8s™ 2 has two sides, each with a myriad of possible ways to use it.

Use the side handles to create movement of the balls. One side of

Racethe8s™2 is a labyrinth, an ancient pattern intended to create focus and

attention to an 'inner world'. It has one way into the center and one way out from the center. The other side creates a 3 tracked pattern of the 8 pattern. This becomes an increasingly more difficult activity as you attempt to switch tracks in the middle or make the ball go around only one half of the 8 using a variety of tracks.

There are 3 rubber balls and 1 marble supplied with each Racethe8s track. This is intended to offer a variety of colors, textures and visual stimulation. The rubber balls create slightly more friction in the tracks, while the marble makes the action faster.
